Hello Nidhi,

As discussed please provide remaining updated forms.

Please make sure questions are proper and not common across department because each department has their own functionality.
(Question should be specific to that domain department)

Subject: Re:Indore Inspection Forms

Hello Nidhi,

As discussed we can incorporate these forms by next week Friday with Phase 2 action taken at Divisional hierarchy level.

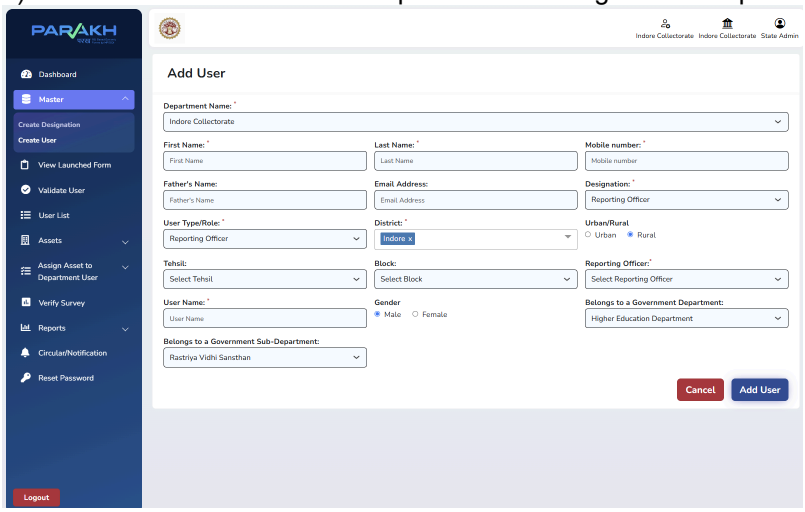

Meanwhile, Please test the existing form already developed under UAT environment for - "Education Department" as you earlier and we had a discussion demonstrated over Virtual call meeting as well on 06th August 2026 and as you and Atul sir suggested changes.

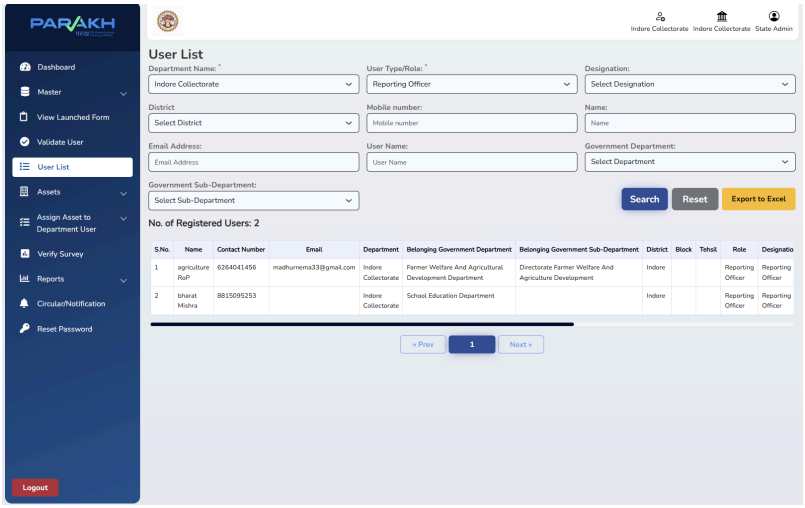

1) Show Department (15 department list) drop down outside of the form and user choose that department and then accordingly they can fill the form. - Not Feasible (Technically and Functionally as well)
2) Remove Sub Department drop down question from the question list. - Not Feasible
3) Wherever required provide type of institute question in that specific forms only. - Feasible will be added by MPSeDC District GIS Parakh team
4) Recommendation - Feasible will be added by MPSeDC District GIS Parakh team
5) For Education form - School Names Master list (at Division level) should be provided from Indore Collectorate (@Nidhi please provide this master data).

Status of work till date - 07th Aug 2026:

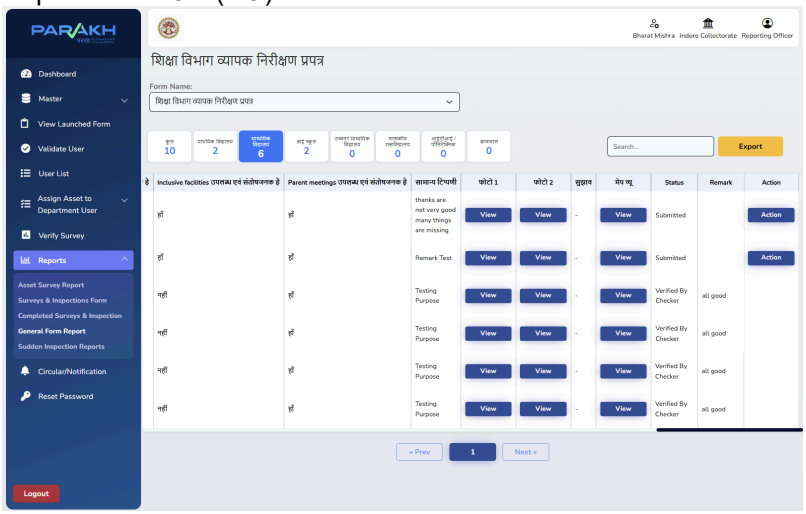

1) Existing Education form created for testing at UAT & check Report generated for the same under General Form Report.

2) Create RO User as HOD of Department - Belongs to the Department and Sub-Department.

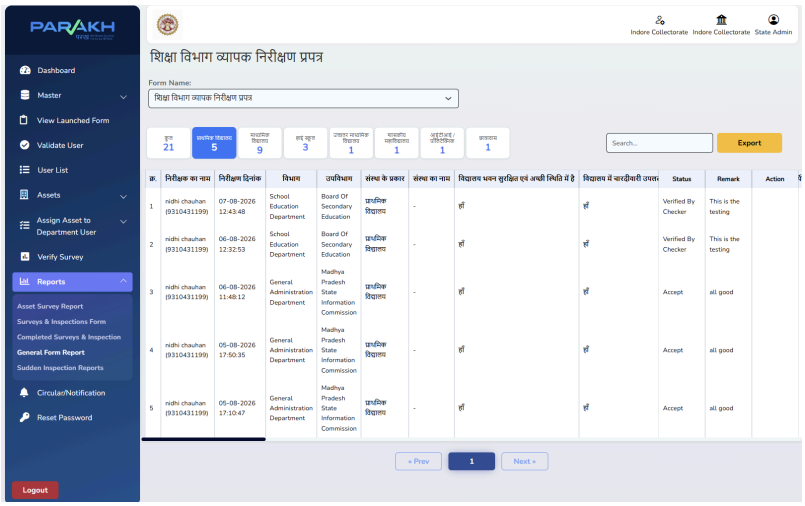

3) Reports to be viewed in General Form Report to be viewed and action taken by Department HOD (RO).

4) Report to be viewed by Collectorate and State Admin

Further work of adding Divisional level and creation of new updated 17 department forms will be carried out in next week.
Kindly provide your suggestions on existing flow created for Indore Inspection forms.

Regards,
Dheeraj
