Dear Dheerajji,

Please check the attached file containing a few issues faced in the provided forms in Plantation app and resolve them at the earliest.

1. **Asset Entry form**

The 'Add more' may be changed to 'Add'

2. **Saved Forms (Asset Entry)**

- Total is shown as '0'.
- Since this is a saved form, under 'Plant type / species..' section, the fields to enter the 'Plant types' and 'Total no. of plants planted' shall not be shown, i.e. only the view list button may show the details of the plants planted. Also, the 'Total' field shall show the no. of plants planted.
- The 'Capture photos' shall be shown as 'Captured Photos'. Also the 'Add photo' shall not be shown

3. **orts (Web)**
   - **Complete Survey and inspection report**
     - **Total no. of plants not shown.**
     - **Only one captured photo is shown.**

Regards,

Anshul Agarwal
