Dear Aman,

While the ICMIS team is working on sharing the integration APIs and the concerned departments are providing their inputs, could you please proceed with incorporating the changes and additions mentioned in the email trail that are not dependent on these inputs or integrations?

This will help us progress with the independent development activities in parallel.

Subject: Re:Fwd: MP Cooperative Inspection Module

Respected Ma'am,

Please find below the Minutes of Meeting (MoM) for the meeting held on **4th November 2026**, regarding the proposed enhancements and modifications to be incorporated into the **MP Cooperative Inspection Module**.

1. Inspection Form – Tab-wise Modifications

The following modifications were discussed:

A. B – स्थापना (Establishment)

- Incorporate the additional point discussed during the meeting.
- Add the required information fields as per departmental requirements.

B. G – परिसमापन (Liquidation)

- Rename the highlighted field to:
  "परिसमापनाधीन उन समितियों की संख्या, जिनके पास स्थायी संपत्ति है।"

C. I – शिकायत (Complaints)
Incorporate the following additional sections:

- आश्वासन (Assurances)
- लोक लेखा समिति (Public Accounts Committee)
- अपूर्ण उत्तर (Incomplete Replies)
- सूचना का अधिकार (Right to Information – RTI)

Provide an Add Row (+) facility wherever tabular entries are required.

D. J – अंकेक्षण (Audit)

- Reorganise the existing sections related to judicial matters.
- Move the specified points (4 and 5) under the Judicial Cases section.

E. K – न्यायालयीन प्रकरण (Judicial Cases)

- Add a separate section for pending Lokayukta/EOW/Police cases.
- Incorporate information related to contempt cases.
- Add a new section for cases pending before the High Court.
- Provide dynamic Add Row (+) functionality for tabular information.

F. L – CM Monitor

- Modify the existing CM Monitor section.
- Capture information only for A+ and A category cases.
- Rename the section to "सीएम मॉनिट (A+, A) की जानकारी".

G. N – New Tab

- Add a new tab at the end of the inspection form.
- Tab Label: "निरीक्षण के दौरान दृष्टि में आये विशेष बिंदु".
- Provide a text input field with a maximum word limit of 1,000 words.

2. Dynamic Configuration and Date-related Changes

- Implement & Configure Financial year-wise dynamic functionality & required date modification functionality.

3. User Management and Administrative Changes

- Modify the Cooperative Admin name as discussed. (suggested - HO_Inspection)
- Update the user list through an Excel sheet, ensuring names, post_name (designation) are available in Hindi.
- Change "Roster" Name.
- Modify the Order Copy section and provide an option to add a new Post Name.

4. Inspection Workflow and E-Sign Integration (Template to be shared by Cooperative Department)

- Incorporate the HO_Inspection functionality.
- Implement the Signature/E-Sign facility.
- Ensure that the signatory's name and designation are displayed along with the e-signature.
- Configure the SMS service integration.
- Trigger SMS notifications after the State Admin completes the e-sign process.

5. MIS, Analytics and Reporting (API will be shared by ICMIS with Parakh)

- Implement MIS Analytics functionality. (to be done by ICMIS team)
- Make inspection reports accessible at the following administrative levels: (to be done by ICMIS team)
  - Head Office (HO)
  - Division Level
  - District Level
- Provide a separate Inspection tab under District and Division logins. (to be done by ICMIS team)
- Dashboard functionality on the ICMIS Portal. (to be integrated by ICMIS team)
- Integrate inspection reports with the Cooperative Department website. (to be done by ICMIS team)
- Integrate Parakh Inspection Reports with the MIS Dashboard for consolidated monitoring and reporting. (to be done by ICMIS team)

6. Integration Requirements (to be done by ICMIS team)

- Facilitate the integration of inspection reports between the Parakh Inspection Module and the ICMIS Portal.
- Ensure that reports are accessible according to the respective administrative hierarchy.
- Provide the required reporting and monitoring access to authorised departmental users.

The above points were discussed for incorporation into the MP Cooperative Inspection Module.

Kindly review the above requirements and share any additional inputs or clarifications, if required.

Regards,
Dheeraj Motiyani

Hello Priya,

The changes suggested by the department for the **MP Cooperative Inspection Module** have been implemented and deployed to the UAT environment for verification.

UAT Application Link:
https://gisuat.mp.gov.in/parakhweb/cooperativelogin

Login Credentials:

- **Username:** cooperativeadmin
- **Password:** Shared separately through one-on-one communication.

Kindly test and verify the Inspection Module application developed by the **District GIS Parakh Team** and confirm whether the suggested changes meet the department's requirements.

Please let us know if any further modifications or enhancements are required from your department's end.

We look forward to your feedback.

Regards,
Dheeraj

Dear Divendra,

In reference to the point number 1 below, could you please provide an API, which the Parakh- Inspection Module will consume after the submission of the Inspection conducted. This will facilitate the inspection data/form in the pdf format be visible onto the ICMIS portal district/division wise.

@Aman as discussed, pls share the payload sample of the API to the ICMIS team.

Subject: Re:Fwd: MP Cooperative Inspection Module

With reference to the ongoing development of the ICMIS Portal, the following requirements are requested to be incorporated on priority:

1. Inspection Report – Departmental Login

The **Inspection Report should be made available on the ICMIS Portal under the Departmental Login**.

A separate **"Inspection Report"** tab/menu should be provided in the Departmental Login, through which authorized departmental officers can **view and access the inspection reports submitted/generated through the Inspection Module**.

This functionality is required on priority for effective monitoring and review of inspection activities at the departmental level.

2. Custom E-Sign Facility

A **Custom E-Sign facility** should be provided in the portal to enable authorized users to digitally sign the required documents/reports as per the prescribed workflow.

3. Login Page – Department Option

On the Login Page, only the **"Department"** option should be displayed. Other login options may be removed/not displayed, as applicable.

4. Hierarchy-wise User Listing

The list of users should be displayed **hierarchy-wise** in the following order:

- **JR (Junior Registrar)** – All JR users should be displayed first.
- **DR (Deputy Registrar)** – All DR users should be displayed after JR users.
- **AR (Additional Registrar)** – All AR users should be displayed after DR users.

Further, a **keyword-based search facility** should be provided to enable users to quickly search and locate a particular user.

5. User Creation Without Personal Email ID

In case a user's **personal email ID is not available in the attached sheet**, kindly provide the facility to **create/register the user without an email ID**. The email ID may be kept optional in such cases.

You are requested to incorporate the above requirements, particularly the **Inspection Report availability under the Departmental Login**, on priority and confirm the proposed implementation timeline.

Dear Sir/Madam,

As discussed during our meeting on **18th September 2026**, followed by your response on **21st September 2026**, the changes required in the data-collection/inspection form involve rearranging and distributing all the fields across **11 separate tabs**.

The committed delivery timeline remains the same, with the revised form scheduled for delivery by **5th October 2026**.

To facilitate the above timeline, I request you to kindly provide the following two pending inputs at the earliest:

a) Share the list of users to be onboarded.

b) Share screenshots of the desired UI/layout to be followed, in line with the other portal.

We are making our best efforts to complete and deliver the changes at the earliest possible time.

Dear Sir/Madam,

Please provide the current status of the Inspection Module and confirm the progress towards its completion.

You are requested to kindly share the following details:

Current development status of the Inspection Module
Modules/features completed so far
Pending activities, if any
Expected date of completion and deployment

Kindly provide the updated status at the earliest for further review and planning.

Regards

Hello Priya,

The changes suggested by the department for the **MP Cooperative Inspection Module** have been implemented and deployed to the UAT environment for verification.

UAT Application Link:
https://gisuat.mp.gov.in/parakhweb/cooperativelogin

Login Credentials:

- **Username:** cooperativeadmin
- **Password:** Shared separately through one-on-one communication.

Kindly test and verify the Inspection Module application developed by the **District GIS Parakh Team** and confirm whether the suggested changes meet the department's requirements.

Please let us know if any further modifications or enhancements are required from your department's end.

We look forward to your feedback.

Regards,
Dheeraj

Dear Divendra,

In reference to the point number 1 below, could you please provide an API, which the Parakh- Inspection Module will consume after the submission of the Inspection conducted. This will facilitate the inspection data/form in the pdf format be visible onto the ICMIS portal district/division wise.

@Aman as discussed, pls share the payload sample of the API to the ICMIS team.

Kind Regards,

Subject: Re:Fwd: MP Cooperative Inspection Module

With reference to the ongoing development of the ICMIS Portal, the following requirements are requested to be incorporated on priority:

1. Inspection Report – Departmental Login

The **Inspection Report should be made available on the ICMIS Portal under the Departmental Login**.

A separate **"Inspection Report"** tab/menu should be provided in the Departmental Login, through which authorized departmental officers can **view and access the inspection reports submitted/generated through the Inspection Module**.

This functionality is required on priority for effective monitoring and review of inspection activities at the departmental level.

2. Custom E-Sign Facility

A **Custom E-Sign facility** should be provided in the portal to enable authorized users to digitally sign the required documents/reports as per the prescribed workflow.

3. Login Page – Department Option

On the Login Page, only the **"Department"** option should be displayed. Other login options may be removed/not displayed, as applicable.

4. Hierarchy-wise User Listing

The list of users should be displayed **hierarchy-wise** in the following order:

- **JR (Junior Registrar)** – All JR users should be displayed first.
- **DR (Deputy Registrar)** – All DR users should be displayed after JR users.
- **AR (Additional Registrar)** – All AR users should be displayed after DR users.

Further, a **keyword-based search facility** should be provided to enable users to quickly search and locate a particular user.

5. User Creation Without Personal Email ID

In case a user's **personal email ID is not available in the attached sheet**, kindly provide the facility to **create/register the user without an email ID**. The email ID may be kept optional in such cases.

You are requested to incorporate the above requirements, particularly the **Inspection Report availability under the Departmental Login**, on priority and confirm the proposed implementation timeline.

Dear Sir/Madam,

As discussed during our meeting on **18th September 2026**, followed by your response on **21st September 2026**, the changes required in the data-collection/inspection form involve rearranging and distributing all the fields across **11 separate tabs**.

The committed delivery timeline remains the same, with the revised form scheduled for delivery by **5th October 2026**.

To facilitate the above timeline, I request you to kindly provide the following two pending inputs at the earliest:

a) Share the list of users to be onboarded.

b) Share screenshots of the desired UI/layout to be followed, in line with the other portal.

We are making our best efforts to complete and deliver the changes at the earliest possible time.

Kind Regards,
Ajeet Pal Singh,

Hello Priya Ma'am,

As discussed in today's meeting:

We require UI design sample template of your Co-operative portal pages.
Also, share User list which you mentioned as around 70 users approx.

Regards,
Dheeraj

Dear Sir/Ma'am,

I have just e-mailed with required details which we need from the department to complete our development.

We require specific Master Data as well which is specified in previous email.
Once we receive required details we will incorporate them and update the department.

Regards,
Dheeraj

Dear Sir/Madam,

Please provide the current status of the Inspection Module and confirm the progress towards its completion.

You are requested to kindly share the following details:

Current development status of the Inspection Module
Modules/features completed so far
Pending activities, if any

Expected date of completion and deployment

Kindly provide the updated status at the earliest for further review and planning.

Hello Priya,

The changes suggested by the department for the **MP Cooperative Inspection Module** have been implemented and deployed to the UAT environment for verification.

UAT Application Link:
https://gisuat.mp.gov.in/parakhweb/cooperativelogin

Login Credentials:

- **Username:** cooperativeadmin
- **Password:** Shared separately through one-on-one communication.

Kindly test and verify the Inspection Module application developed by the **District GIS Parakh Team** and confirm whether the suggested changes meet the department's requirements.

Please let us know if any further modifications or enhancements are required from your department's end.

We look forward to your feedback.

Regards,
Dheeraj

Dear Divendra,

In reference to the point number 1 below, could you please provide an API, which the Parakh- Inspection Module will consume after the submission of the Inspection conducted. This will facilitate the inspection data/form in the pdf format be visible onto the ICMIS portal district/division wise.

@Aman as discussed, pls share the payload sample of the API to the ICMIS team.

Kind Regards,

Subject: Re:Fwd: MP Cooperative Inspection Module

With reference to the ongoing development of the ICMIS Portal, the following requirements are requested to be incorporated on priority:

1. Inspection Report – Departmental Login

The **Inspection Report should be made available on the ICMIS Portal under the Departmental Login**.

A separate **"Inspection Report"** tab/menu should be provided in the Departmental Login, through which authorized departmental officers can **view and access the inspection reports submitted/generated through the Inspection Module**.

This functionality is required on priority for effective monitoring and review of inspection activities at the departmental level.

2. Custom E-Sign Facility

A **Custom E-Sign facility** should be provided in the portal to enable authorized users to digitally sign the required documents/reports as per the prescribed workflow.

3. Login Page – Department Option

On the Login Page, only the **"Department"** option should be displayed. Other login options may be removed/not displayed, as applicable.

4. Hierarchy-wise User Listing

The list of users should be displayed **hierarchy-wise** in the following order:

- **JR (Junior Registrar)** – All JR users should be displayed first.
- **DR (Deputy Registrar)** – All DR users should be displayed after JR users.
- **AR (Additional Registrar)** – All AR users should be displayed after DR users.

Further, a **keyword-based search facility** should be provided to enable users to quickly search and locate a particular user.

5. User Creation Without Personal Email ID

In case a user's **personal email ID is not available in the attached sheet**, kindly provide the facility to **create/register the user without an email ID**. The email ID may be kept optional in such cases.

You are requested to incorporate the above requirements, particularly the **Inspection Report availability under the Departmental Login**, on priority and confirm the proposed implementation timeline.

Subject: Re:Fwd: MP Cooperative Inspection Module

Dear Sir/Madam,

As discussed during our meeting on **18th September 2026**, followed by your response on **21st September 2026**, the changes required in the data-collection/inspection form involve rearranging and distributing all the fields across **11 separate tabs**.

The committed delivery timeline remains the same, with the revised form scheduled for delivery by **5th October 2026**.

To facilitate the above timeline, I request you to kindly provide the following two pending inputs at the earliest:

a) Share the list of users to be onboarded.

b) Share screenshots of the desired UI/layout to be followed, in line with the other portal.

We are making our best efforts to complete and deliver the changes at the earliest possible time.

Kind Regards,
Ajeet Pal Singh,
Technology Management Consultant, MPSEDC,

Hello Priya Ma'am,

As discussed in today's meeting:

We require UI design sample template of your Co-operative portal pages.

Also, share User list which you mentioned as around 70 users approx.

Regards,
Dheeraj

Dear Sir/Ma'am,

I have just e-mailed with required details which we need from the department to complete our development.

We require specific Master Data as well which is specified in previous email.
Once we receive required details we will incorporate them and update the department.

Regards,
Dheeraj

Dear Divendra,

In reference to the point number 1 below, could you please provide an API, which the Parakh- Inspection Module will consume after the submission of the Inspection conducted. This will facilitate the inspection data/form in the pdf format be visible onto the ICMIS portal district/division wise.

@Aman as discussed, pls share the payload sample of the API to the ICMIS team.

Kind Regards,

Subject: Re:Fwd: MP Cooperative Inspection Module

With reference to the ongoing development of the ICMIS Portal, the following requirements are requested to be incorporated on priority:

1. Inspection Report – Departmental Login

The **Inspection Report should be made available on the ICMIS Portal under the Departmental Login**.

A separate **"Inspection Report"** tab/menu should be provided in the Departmental Login, through which authorized departmental officers can **view and access the inspection reports submitted/generated through the Inspection Module**.

This functionality is required on priority for effective monitoring and review of inspection activities at the departmental level.

2. Custom E-Sign Facility

A **Custom E-Sign facility** should be provided in the portal to enable authorized users to digitally sign the required documents/reports as per the prescribed workflow.

3. Login Page – Department Option

On the Login Page, only the **"Department"** option should be displayed. Other login options may be removed/not displayed, as applicable.

4. Hierarchy-wise User Listing

The list of users should be displayed **hierarchy-wise** in the following order:

- **JR (Junior Registrar)** – All JR users should be displayed first.
- **DR (Deputy Registrar)** – All DR users should be displayed after JR users.
- **AR (Additional Registrar)** – All AR users should be displayed after DR users.

Further, a **keyword-based search facility** should be provided to enable users to quickly search and locate a particular user.

5. User Creation Without Personal Email ID

In case a user's **personal email ID is not available in the attached sheet**, kindly provide the facility to **create/register the user without an email ID**. The email ID

may be kept optional in such cases.

You are requested to incorporate the above requirements, particularly the **Inspection Report availability under the Departmental Login**, on priority and confirm the proposed implementation timeline.

Dear Divendra,

In reference to the point number 1 below, could you please provide an API, which the Parakh- Inspection Module will consume after the submission of the Inspection conducted. This will facilitate the inspection data/form in the pdf format be visible onto the ICMIS portal district/division wise.

@Aman as discussed, pls share the payload sample of the API to the ICMIS team.

Kind Regards,

Subject: Re:Fwd: MP Cooperative Inspection Module

With reference to the ongoing development of the ICMIS Portal, the following requirements are requested to be incorporated on priority:

1. Inspection Report – Departmental Login

The **Inspection Report should be made available on the ICMIS Portal under the Departmental Login**.

A separate **"Inspection Report"** tab/menu should be provided in the Departmental Login, through which authorized departmental officers can **view and access the inspection reports submitted/generated through the Inspection Module**.

This functionality is required on priority for effective monitoring and review of inspection activities at the departmental level.

2. Custom E-Sign Facility

A **Custom E-Sign facility** should be provided in the portal to enable authorized users to digitally sign the required documents/reports as per the prescribed workflow.

3. Login Page – Department Option

On the Login Page, only the **"Department"** option should be displayed. Other login options may be removed/not displayed, as applicable.

4. Hierarchy-wise User Listing

The list of users should be displayed **hierarchy-wise** in the following order:

- **JR (Junior Registrar)** – All JR users should be displayed first.
- **DR (Deputy Registrar)** – All DR users should be displayed after JR users.
- **AR (Additional Registrar)** – All AR users should be displayed after DR users.

Further, a **keyword-based search facility** should be provided to enable users to quickly search and locate a particular user.

5. User Creation Without Personal Email ID

In case a user's **personal email ID is not available in the attached sheet**, kindly provide the facility to **create/register the user without an email ID**. The email ID may be kept optional in such cases.

You are requested to incorporate the above requirements, particularly the **Inspection Report availability under the Departmental Login**, on priority and confirm the proposed implementation timeline.

Dear Sir/Madam,

As discussed during our meeting on **18th September 2026**, followed by your response on **21st September 2026**, the changes required in the data-collection/inspection form involve rearranging and distributing all the fields across **11 separate tabs**.

The committed delivery timeline remains the same, with the revised form scheduled for delivery by **5th October 2026**.

To facilitate the above timeline, I request you to kindly provide the following two pending inputs at the earliest:

a) Share the list of users to be onboarded.

b) Share screenshots of the desired UI/layout to be followed, in line with the other portal.

We are making our best efforts to complete and deliver the changes at the earliest possible time.

With reference to the ongoing development of the ICMIS Portal, the following requirements are requested to be incorporated on priority:

1. Inspection Report – Departmental Login

The **Inspection Report should be made available on the ICMIS Portal under the Departmental Login**.

A separate **"Inspection Report"** tab/menu should be provided in the Departmental Login, through which authorized departmental officers can **view and access the inspection reports submitted/generated through the Inspection Module**.

This functionality is required on priority for effective monitoring and review of inspection activities at the departmental level.

2. Custom E-Sign Facility

A **Custom E-Sign facility** should be provided in the portal to enable authorized users to digitally sign the required documents/reports as per the prescribed workflow.

3. Login Page – Department Option

On the Login Page, only the **"Department"** option should be displayed. Other login options may be removed/not displayed, as applicable.

4. Hierarchy-wise User Listing

The list of users should be displayed **hierarchy-wise** in the following order:

- **JR (Junior Registrar)** – All JR users should be displayed first.
- **DR (Deputy Registrar)** – All DR users should be displayed after JR users.
- **AR (Additional Registrar)** – All AR users should be displayed after DR users.

Further, a **keyword-based search facility** should be provided to enable users to quickly search and locate a particular user.

5. User Creation Without Personal Email ID

In case a user's **personal email ID is not available in the attached sheet**, kindly provide the facility to **create/register the user without an email ID**. The email ID may be kept optional in such cases.

You are requested to incorporate the above requirements, particularly the **Inspection Report availability under the Departmental Login**, on priority and confirm the proposed implementation timeline.

Dear Sir/Madam,

As discussed during our meeting on **18th September 2026**, followed by your response on **21st September 2026**, the changes required in the data-collection/inspection form involve rearranging and distributing all the fields across **11 separate tabs**.

The committed delivery timeline remains the same, with the revised form scheduled for delivery by **5th October 2026**.

To facilitate the above timeline, I request you to kindly provide the following two pending inputs at the earliest:

a) Share the list of users to be onboarded.

b) Share screenshots of the desired UI/layout to be followed, in line with the other portal.

We are making our best efforts to complete and deliver the changes at the earliest possible time.

Kind Regards,
Ajeet Pal Singh,

Dear Sir/Madam,

As discussed during our meeting on **18th September 2026**, followed by your response on **21st September 2026**, the changes required in the data-collection/inspection form involve rearranging and distributing all the fields across **11 separate tabs**.

The committed delivery timeline remains the same, with the revised form scheduled for delivery by **5th October 2026**.

To facilitate the above timeline, I request you to kindly provide the following two pending inputs at the earliest:

a) Share the list of users to be onboarded.

b) Share screenshots of the desired UI/layout to be followed, in line with the other portal.

We are making our best efforts to complete and deliver the changes at the earliest possible time.

Kind Regards,
Ajeet Pal Singh,

Dear Sir/Madam,

As discussed during our meeting on **18th September 2026**, followed by your response on **21st September 2026**, the changes required in the data-collection/inspection form involve rearranging and distributing all the fields across **11 separate tabs**.

The committed delivery timeline remains the same, with the revised form scheduled for delivery by **5th October 2026**.

To facilitate the above timeline, I request you to kindly provide the following two pending inputs at the earliest:

a) Share the list of users to be onboarded.

b) Share screenshots of the desired UI/layout to be followed, in line with the other portal.

We are making our best efforts to complete and deliver the changes at the earliest possible time.

Kind Regards,
Ajeet Pal Singh,
Technology Management Consultant, MPSEDC,

Hello Priya Ma'am,

As discussed in today's meeting:

We require UI design sample template of your Co-operative portal pages.
Also, share User list which you mentioned as around 70 users approx.

Regards,
Dheeraj

Dear Sir/Madam,

As discussed during our meeting on **18th September 2026**, followed by your response on **21st September 2026**, the changes required in the data-collection/inspection form involve rearranging and distributing all the fields across **11 separate tabs**.

The committed delivery timeline remains the same, with the revised form scheduled for delivery by **5th October 2026**.

To facilitate the above timeline, I request you to kindly provide the following two pending inputs at the earliest:

a) Share the list of users to be onboarded.

b) Share screenshots of the desired UI/layout to be followed, in line with the other portal.

We are making our best efforts to complete and deliver the changes at the earliest possible time.

Kind Regards,
Ajeet Pal Singh,

Hello Priya Ma'am,

As discussed in today's meeting:

We require UI design sample template of your Co-operative portal pages.
Also, share User list which you mentioned as around 70 users approx.

Regards,
Dheeraj

Dear Sir/Madam,

Please provide the current status of the Inspection Module and confirm the progress towards its completion.

You are requested to kindly share the following details:

Current development status of the Inspection Module
Modules/features completed so far
Pending activities, if any
Expected date of completion and deployment

Kindly provide the updated status at the earliest for further review and planning.

Regards

Sir,

As discussed during our phone call, I am sharing the consolidated datasheet containing the complete data. For ease of reference, the data for all three versions has been highlighted in different colors.

I hope the data from the previously shared V1 and V2 files has already been uploaded. Kindly arrange to have the remaining data from this V3 sheet uploaded as well.

Thank you

Best regards

Ajay Kumar Chaudhari

Re: परख पोर्टल पर अधिकारी के पदस्थापना स्तर का विवरण एवं निरीक्षण संबंधी पृथक रिपोर्ट विकसित किए जाने के संबंध में

Ajeet.pal < ajeet.pal@mpsedc.mp.gov.in >

Wed, 04 Nov 2026 3:43:19 PM +0530

To "AMAN MISHRA"<aman.mishra15@mpsedc.mp.gov.in>

Cc "Dheeraj.motiyani"<dheeraj.motiyani@mpsedc.mp.gov.in>,"Himanshu Jain" <ceozphos@mp.gov.in>,"DM Narmadapuram Narmadapuram" <dmhoshangabad@nic.in>,"Anshuman Raj IAS"<md@mpsedc.com>,"Sandeep Chaurasiya"<degmhos@mp.gov.in>,"Madhur.1709" <madhur.1709@mpsedc.mp.gov.in>,"Rakesh.dubey1" <rakesh.dubey1@mpsedc.mp.gov.in>

Dear Aman,

Kindly discuss the following points so that the proposed enhancements can be taken up as:

a) Official Mapping:
District- and Block-level official mapping is already available. Mapping at the Gram Panchayat (GP) level is an additional requirement. Further, a provision should be provided in the Admin Panel to add, edit and update these mappings.

b) Reports View:
The Reports section should include dropdown filters to view and retrieve records based on the respective Inspectors, ROs and Nodal Officers.

c) Addition onto the Analytical/Statistical Dashboard:
The statistical view may be facilitated through a bar chart, along with an option to download the underlying data in Excel (.xls) format. This should enable monitoring of

inspection performance at the RO level, with reference to the filters mentioned in point (a) above.

Additional filter parameters, such as District-wise performance, may also be incorporated to facilitate more granular analysis onto the Reports View.

Kind Regards,

Subject: परख पोर्टल पर अधिकारी के पदस्थापना स्तर का विवरण एवं निरीक्षण संबंधी पृथक रिपोर्ट विकसित किए जाने के संबंध में

Dear Sir,

परख पोर्टल पर पंजीकृत समस्त उपयोगकर्ताओं के विवरण में संबंधित अधिकारी का पदस्थापना स्तर दर्ज करने हेतु एक अतिरिक्त अनिवार्य कॉलम जोड़े जाने का अनुरोध है। इस कॉलम में निम्नलिखित विकल्प उपलब्ध कराए जाएँ:

1. जिला स्तर अधिकारी
2. ब्लॉक स्तर अधिकारी
3. ग्राम पंचायत स्तर अधिकारी

इसके अतिरिक्त, अधिकारियों द्वारा किए गए निरीक्षणों की नियमित निगरानी के लिए पोर्टल पर **निरीक्षण प्रगति रिपोर्ट (Inspection Monitoring Report)** विकसित करने का अनुरोध है। रिपोर्ट में जिला एवं ब्लॉक स्तर के सभी अधिकारियों का नाम और पदनाम तथा चयनित अवधि में उनके द्वारा किए गए निरीक्षणों की संख्या प्रदर्शित हो।

रिपोर्ट में कृपया निम्नलिखित सुविधाएँ शामिल करने का कष्ट करें:

1. जिला एवं ब्लॉक स्तर पर पदस्थ सभी अधिकारियों के नाम और पदनाम प्रदर्शित हों।
2. उपयोगकर्ता दिनांक से दिनांक, एक सप्ताह, एक माह अथवा अपनी इच्छानुसार अन्य अवधि चुन सकें।

3. प्रत्येक अधिकारी के सामने चयनित अवधि में किए गए कुल निरीक्षणों की संख्या दिखाई दे।

4. निरीक्षणों की संख्या पर क्लिक करने पर संबंधित अधिकारी के निरीक्षणों का विस्तृत विवरण उपलब्ध हो।

5. चयनित अवधि में कोई निरीक्षण न करने वाले अधिकारियों को भी रिपोर्ट में शामिल किया जाए और उनके सामने निरीक्षणों की संख्या **0** प्रदर्शित हो।

उदाहरण के लिए, यदि किसी अधिकारी के सामने निरीक्षणों की संख्या **4** प्रदर्शित है, तो उस संख्या पर क्लिक करने पर संबंधित अधिकारी द्वारा किए गए चारों निरीक्षणों का विवरण देखा जा सके।

उक्त सुविधाओं से जिला एवं ब्लॉक स्तर पर निरीक्षण गतिविधियों की नियमित मॉनिटरिंग, समीक्षा तथा शून्य निरीक्षण करने वाले अधिकारियों की पहचान करने में सहायता मिलेगी।

अतः अनुरोध है कि उपर्युक्त सुविधाओं को परख पोर्टल में विकसित/ समावेशित करने हेतु आवश्यक कार्यवाही करने का कष्ट करें।

Dear Sir,

परख पोर्टल पर पंजीकृत समस्त उपयोगकर्ताओं के विवरण में संबंधित अधिकारी का पदस्थापना स्तर दर्ज करने हेतु एक अतिरिक्त अनिवार्य कॉलम जोड़े जाने का अनुरोध है। इस कॉलम में निम्नलिखित विकल्प उपलब्ध कराए जाएँ:

1. जिला स्तर अधिकारी
2. ब्लॉक स्तर अधिकारी
3. ग्राम पंचायत स्तर अधिकारी

इसके अतिरिक्त, अधिकारियों द्वारा किए गए निरीक्षणों की नियमित निगरानी के लिए पोर्टल पर **निरीक्षण प्रगति रिपोर्ट (Inspection Monitoring Report)** विकसित करने का अनुरोध है। रिपोर्ट में जिला एवं ब्लॉक स्तर के सभी अधिकारियों का नाम और पदनाम तथा चयनित अवधि में उनके द्वारा किए गए निरीक्षणों की संख्या प्रदर्शित हो।

रिपोर्ट में कृपया निम्नलिखित सुविधाएँ शामिल करने का कष्ट करें:

1. जिला एवं ब्लॉक स्तर पर पदस्थ सभी अधिकारियों के नाम और पदनाम प्रदर्शित हों।
2. उपयोगकर्ता दिनांक से दिनांक, एक सप्ताह, एक माह अथवा अपनी इच्छानुसार अन्य अवधि चुन सकें।

Subject: Issue with Form Submission and Draft Saving in District GIS Parakh Application Due to Network Connectivity

Dear Team,

This is to bring to your attention that Anganwadi Supervisors are Conducting field visits to various Anganwadi Centers, may of which do not have proper internet/network connectivity.

During inspections through the District GIS Parakh Application, Supervisors are facing difficulties because, in the absence of network connectivity, the inspection form is neither getting submitted not saved as a draft.
as a result Supervisors are facing challenges in conducting inspections, and there is a risk of losing the entered data.

Therefore, we kindly request you to provide an Offline Mode or Local Save facility in the District GIS Parakh Application, So that inspection forms can be filled out and saved even without internet connectivity and submitted once the network becomes available.

We request you to look into this issue kindly and resolve it at the earliest.

Best Regards,
Shaharukh R. Pinjari

Dear Sandeep ji,

The Road Restoration Survey Module, as indicated, has been implemented and deployed in the Production environment. Kindly review and let us know if any further changes or enhancements are required.

Further, as requested by the team, kindly share a **consolidated ward-wise sheet containing the road data**, instead of multiple individual sheets for different wards.

The consolidated sheet is required to ensure data consistency and avoid discrepancies, as conflicting records have been observed in the second versions of some of the individual ward-wise sheets received. A single consolidated sheet will help establish one consistent and validated dataset for further updates and reference.

Please note that the road data received through separate ward-wise sheets up to Monday has already been uploaded to the Production environment from the backend.

Subject: Proposal: Integration of Road Restoration Survey Module in Parakh Portal

Respected Sir,
I am writing to propose the development and integration of a "Road Restoration Survey" module within the Parakh Portal. This functionality will enable the district administration to monitor transparently and verify road restoration works carried out by telecom and utility companies following excavation.

To ensure accountability and standardized field assessments, we require a digital workflow for our surveyors. The proposed module should include the following core features:

1. Cascading Selection Hierarchy: District -> Municipality -> Ward (Number & Name) -> Road Selection.
2. Master Data Integration: Pre-populated static road details in the dropdown, specifically displaying the company's excavated length and claimed restored length.
3. Field Assessment Questionnaire: Input fields for the surveyor to record the actual excavated length and actual restored length found on-site, a quality assessment dropdown (Very Good to Very Bad), and mandatory surveyor remarks.
4. Media Evidence: Mandatory upload of 2 to 5 site photographs, with optional upload fields for a Panchnama and a video.

I have already prepared the complete developer specification document (detailing the form flow and database schema) and the master data CSV format. These can be shared directly with the MPSeDC technical team to accelerate development.

Integrating this module into the Parakh Portal will significantly streamline our compliance tracking and improve civic infrastructure maintenance. I request you to kindly direct the concerned development team to review this proposal and initiate the implementation.

Sincerely,

Sandeep Kumar Chaurasiya
District e-Governance Manager (DeGM)
Office of the District Collector, Narmadapuram
Department of Science and Technology, Govt. of Madhya Pradesh
