

e-Khanij 2.0

Minutes of Meeting

Agenda of the meeting

1. e-Khanij 2.0 LMS Training & Testing

Meeting Date and Time

29-12-2025, 11:30 AM – 7:00 PM

Location: Directorate of Mining and Geology, Bhopal

Meeting Leader

Shri. Frank Noble A. - Director
(Admin & Mining)

Attendees

1. Shri. Satyendra Baghel – Mining Officer

2. Shri. Rajesh Sharma - Consultant

9. Shri. Roshan Gurjar – Consultant (Deloitte)

3. Shri. Ravi Sharma- PeMT

10. Shri. Sarvesh Arora- Consultant (KPMG)

4. Ms. Farhat Jahan- DDY (Regional Office Damoh)

11. Shri, Neeraj Upadhyay- Project Manager

5. Shri. Trilok Singh Patle- Asst. Geologist
(Regional Office Jabalpur)

12. Shri. Gagan Sawaliya – Team Lead

6. Shri. Naresh Bhumarkar- Asst. Draftsman
(Regional Office Betul)

13. Shri. Ajay Nigam – Sr. Developer

7. Shri Rahul Shandilya- Asst. Mining Officer
(Regional Office Shahdol)

14. Shri. Anshul Chandravanshi - BA

8. Shri. Ravikant Sahu- Asst. Draftsman (Regional Office Raisen)

15. Ku. Tanu Jha (BA Intern)

SN	LMS -SubModule Sections	UAT Observations / Suggestions	Observations / Suggestions Type (CR/ New / Bug)
1	User Login and Profile Section	1. Popup alert to be shown if the same user login simultaneously from another system. 2. OTP-based login to be mandatory for every login attempt. 3. Strong password validation to be enforced- 4. Update /Change password feature to trigger SMS notification to the user.	1. Change Request 2. Change Request 3. Change Request 4. Change Request
2	Service Integrations	1. WhatsApp and Email integration to be implemented in LMS. 2. SMS templates to be shared by the Department. 3. Dashboard to be developed for monitoring API integration status. 4. The department will issue a letter to Jan Sampark for the integration.	1. New Requirement 2. Templates Needed 3. New Requirement 4. New Requirement
3	Application Fee based on the minerals	1. Mapping of 1st, 2nd, and 5th Schedule Minerals to be corrected. 2. Soil Mineral application fee revised to Rs. 1,500 (earlier Rs. 25,000). 3. Department to provide master data for remaining minerals fees.	1. Issue / Bug 2. Change Request 3. Change Request
4	Observations and Suggestions on Map	1. Minimum application area validation: User cannot apply for less than 1 hectare. 2. System should Support to draw multiple polygons during application submission – (Feasibility to be checked at development end) 3. Validation to ensure all polygons fall within 200 meters radius. 4. Area and proximity distance values should allow a maximum of three decimal places. 5. Applied and applying area drawn / uploaded by the user to be displayed and saved across all LMS applications. Applied area should be taken either from KML or drawn 6. Consistent color coding across all map screens. (For Applicant – RED, For Department - Yellow)	1. Change Request 2. New Requirement 3. CR + New Requirement 4. Issue / Bug 5. Change Request / Bug 6. Change Request

5	QL Form Observations - Applicant	1. Application drafts to be managed at application level, if user session expires or logout . 2. Input fields to be auto-cleared after adding Khasra or map messages	1. Change Request 2. Issue / Bug
6	General Suggestion and Observations	1. Downloadable document formats to be finalized and shared by the Department. 2. Remove the word "Buffer" from LMS popup messages. 3. Correct labels and messages across all lease application forms. 4. Status and history of applications to be updated dynamically at all workflow levels. 5. Change labels: - o "First draft letter" → "First publication letter" - - o "Second draft letter" → "Second publication letter" - o Mobile App: "Approved Mining Leases" → "Sanctioned Mining Leases" - o NOC upload: "Choose File" → "Browse" - o Documents section to show: Images uploaded from field by MI and Geologist under MO login 6. Separate identification for photo clicked by: - o Uploaded by MI - o Uploaded by Geologist 7. Application withdrawal Rules: - o MO forward withdrawal request to approving authority (DGM/Collector). (Clarification Required from Department)	1. New Requirement 2. Change Request 3. Change Request 4. Issue/Bug 5. Change Request 6. Change Request 7. Change Request
7	Mobile App (MI and Geologist) Login Observation and Suggestions	1. Map to be provided in MI and Geologist login (mobile app) similar to Trigger Verification (MSS), including all applied area boundaries.- New Requirement 2. MI and Geologist should capture the picture of the applied area within the geo-boundaries of the land (Geo-fenced) and photos are geo-tagged. Also, MI and Geologist should submit(online/Off-line) the reports within the geo-fenced area of the applied	1. New Requirement 2. Change Request

		lease captured within the applied area (with buffer as same as MSS Trigger conditions) - Change Request - Proximity area wording to be changed from "restrict" to "within". - Proximity distance ranges to be updated (e.g., Bridges – 100 m, NH – 100 m, Railway Line – 100 m), list to be shared by Department. - Brainstorming required to decide responsibility for Geologist-related actions, as Geologist role is currently not available in the system.	- Change Request - Change Request - New Requirement
8	MO Login Observations and Suggestions	- Publication format change: Phrase “सूचना प्रकाशन दिनांक से 30 दिवस तक” to appear after application details and before forward section. - MO manually enter publication date after newspaper publication. - Objection/Claim window: - Open for 30 days from manually entered publication date. - If date not entered, e-signed date to be used temporarily. - System to send multiple reminders to MO to enter publication date. - Publication details to be removed from Document tab (now captured in Department Action). - Application view form in MO login to be redesigned for publication date entry.	- Change Request - New Requirement - New Requirement - New Requirement - Change Request - New Requirement
9	Draftsman Login Observations and Suggestions	- Draftsman Workflow: Primary Examination: KML upload optional – Need to confirm by dept Final Examination: KML upload mandatory and final - Mandatory options to be opt by the Draftsman during primary examination: - Under Process with Remarks - Partially Applied with Remarks - Sanctioned with Remarks	- Change Request + New Requirement - New Requirement

		Available for Mining with Remarks NOTE: Based on the option selected by Draftsman with remarks, MO will forward the application either for cancellation or approval processing.	
10	OIC Login Observations and Suggestions	- Dropdown to be added at OIC level for Recommendation with options: - Approve - Reject - Return (with remarks) - Applications requiring only Collector approval. (Area < 4h) - If pending for more than 6 months, Collector will forward to DGM for final approval.	- New Requirement - New Requirement - New Requirement
