Minutes Of Meeting

Minutes of the Review of Integration of Digital Platforms for Handpumps, Single Village Schemes (SVS) and Multi-Village Schemes (MVS) under the Public Health Engineering (PHE) Department.

A meeting was held on 12.10.2026 under the chairmanship of the Additional Chief Secretary, Public Health Engineering Department, in the presence of the Managing Director, Madhya Pradesh Jal Nigam, and representatives of MPSEDC to review the integration of existing digital platforms for monitoring, complaint registration and grievances redressal relating to Handpumps, SVS and MVS.

MPSEDC team briefed to the ACS, PHE, that the geotagging details of Handpumps and SVS had already been incorporated into the GHAN portal. The team also presented GHAN 2.0, a citizen-centric platform that enables citizens to register complaints through a mobile application and facilitates coordination among citizens, field-level functionaries and PHE Department officials.

Managing Director, MPJN, informed the meeting that information pertaining to MVS is being made available through an integrated application, **Jal Rekha**, comprising 12 modules for various operational activities, including Dhara and Nirmal. During the discussion, the need to integrate the existing digital platforms into a unified system was highlighted to ensure convenient access for citizens, effective grievances redressal and better coordination among the concerned departments and field-level functionaries.

After detailed deliberations, the ACS, PHE, issued the following directions:

1. An integrated digital platform shall be developed to cover Handpumps, SVS and MVS, ensuring that information and services relating to all three components are accessible through a common platform.
2. A dedicated module named Jal Samadhan shall be incorporated into Jal Rekha for raising and tracking complaints relating to Handpumps, SVS and MVS.
3. **Jal Rekha shall be developed as an integrated digital platform** for Handpumps, SVS and MVS, incorporating Jal Samadhan and GHAN 2.0 to provide a single point of access foraccess for citizens and avoiding confusion regarding the appropriate portal or application to be used.
4. Coordination shall be established with the officials managing the State Call Centre (181) to ensure that complaints relating to the operation and maintenance (O&M) of Handpumps, SVS and MVS are appropriately routed to the designated departmental helpline/team for necessary action and resolution.
5. MPSEDC, in coordination with MPJN and the PHE Department, shall

prepare a comprehensive proposal outlining the proposed integration of the existing portals and applications, module-wise functionalities, complaint registration and escalation mechanisms, roles and responsibilities of stakeholders, and the implementation plan.

6. The comprehensive proposal shall be submitted on Monday, 19.10.2026, for further examination and necessary action.

The meeting concluded with directions to ensure coordinated action among all concerned stakeholders and timely submission of the comprehensive integration proposal.

(Approved by Additional Chief Secretary)
